No. NSS/381 /2018-2019.
Date : 24.10.2018

To,
The Principal of all Colleges having NSS Unit/s...

Dear Sir / Madam,

As you are aware that, the NSS is one of the prime scheme run by the Central Government for the College students working and helping on various projects and problems of society.

The NSS volunteers are working on projects and adopting knowledge about their future life to become a good citizen.

Environment Conservation is one of the prime project of NSS where volunteers are working on Save Energy, Save Water, Rain Water Harvesting, Best out of Waste, Composting, Plantation, Water Conservation, etc

This year the konkan region received less rainfall in the month of September and Return monsoon rain in October 2018. The decrease in Rainfall in September and October may create acute shortage of Drinking Water in our region. So all NSS units are requested to construct 2 to 5 Vanrai Bandhara under NSS Regular activity in October, November as per examination schedule adjustment and availability of volunteers in your adopted village or nearby adopted village. Kindly take the help of Gramsevak or B.D.O of concerned Tahasil for constructing Bandahara.

NSS District and Area Coordinators kindly motivate and plan the construction of Bandhara in your area under the guidance of Principals of the College.

With regards,

Yours sincerely,

Prof. B.S. Bidve
NSS Programme Co-ordinator.
