**Subject-** Invitation to attend Indian Student Summit-2018 organized by Student body of Chhatra Bharati in Mumbai.

Respected Sir,

We, the student body of Chhatra Bharati are organizing a Indian Student Summit-2018 on 4<sup>th</sup> January 2018. The aim of the summit is to harness the best of the minds of the upcoming leaders and debate on the most pressing issues.

The event will have brainstorming sessions where people from all over the India would provide their insights into the issues that are plaguing the country at the moment. The leaders called from different universities from all over the India. Through the symposium we want to derive the leadership ethos from our country, create awareness amongst the youth about the issues.

It is with immense pleasure that the organization invites you and your students' participation. We firmly believe that your NSS Volunteers participation will bring great value and importance to the symposium.

Yours sincerely

Mr. Sachin Bansode
